SUMMARY

Chartered Professional Accountant with eight years in audit and corporate finance. Leads month-end close for a $400M distribution business, automates reconciliations and partners with operations on cost control.

EXPERIENCE

Senior Financial Analyst | Pacific Coast Distribution Ltd. 2021 – Present

- Lead a five-day month-end close across three entities, including accruals, intercompany eliminations and variance analysis.
- Built Power BI dashboards for gross margin by branch that the CFO now uses in monthly reviews.
- Automated 40 bank and subledger reconciliations with Power Query, saving about 30 hours a month.
- Prepared the annual budget and quarterly forecasts with branch managers; forecast error fell under 3%.
- Also resolved escalations within agreed service levels; partnered with vendors to reduce cost without losing quality; coordinated cross-functional teams to deliver on schedule.

Audit Senior | KPMG LLP 2017 – 2021

- Planned and led audits for private clients in manufacturing and real estate with revenue of $20M–$250M.
- Supervised teams of up to four staff, reviewed working papers and presented findings to client management.
- Tested internal controls over revenue, inventory and payroll; drafted management letter points.
