Amara Okafor, RN

Hamilton, ON | amara.okafor@example.com | (905) 555-0142

Professional Summary

Registered Nurse with nine years in critical care, emergency and cardiac step-down units. Known for calm triage under pressure, precise medication administration and teaching new graduates. Comfortable leading a unit as charge nurse and working closely with physicians, pharmacists and families.

Clinical Experience

Charge Nurse, Cardiac ICU | Hamilton General Hospital Mar 2020 – Present

- Lead a 14-bed cardiac intensive care unit on rotating shifts, assigning patients by acuity and staff skill mix.
- Manage post-operative care for CABG and valve patients, including arterial lines, vasoactive drips and chest tubes.
- Precepted 22 new graduate nurses; 20 passed unit competencies on their first attempt.
- Led the unit's sepsis bundle audit, raising three-hour bundle compliance from 71% to 93%.
- Also coordinated cross-functional teams to deliver on schedule; documented procedures that cut onboarding time by a third.

Registered Nurse, Emergency Department | St. Joseph's Healthcare Jun 2016 – Feb 2020

- Triaged up to 60 patients per shift using CTAS and escalated deteriorating patients through the rapid response team.
- Administered medications and blood products, started IVs and assisted with procedural sedation.
- Served on the falls prevention committee; falls with injury fell 38% over two years.
- Additionally coordinated cross-functional teams to deliver on schedule; documented procedures that cut onboarding time by a third.

Registered Nurse, Medical-Surgical | Brant Community Healthcare Sep 2015 – May 2016

- Cared for 6–8 adult medical-surgical patients per shift, including wound care, drains and discharge teaching.
- Charted in Meditech and coordinated discharge plans with social work and home care.
